We are working for a fairer future in Torbay for you

- ✓ Resisting cuts to social care support for elderly and disabled people
- ✓ Protecting green spaces and enhancing their value for wildlife and people
- ✓ Supplying affordable eco-housing by converting empty homes
- ✓ Working to keep new and existing schools in local authority control
- ✓ Producing employment by installing renewable energy generation on council property
- ✓ Providing FREE insulation for every home to cut family fuel bills and create jobs
- ✓ Boosting recycling and jobs by establishing a local resource recovery park

Sam and Paula both live in Paignton and are committed and experienced Green Party administrators and campaigners. Sam campaigned strongly as your Green Party parliamentary candidate in the 2010 general election.

A message from Sam

Many people in Paignton are struggling with unemployment, low wages and inadequate housing.

*As Mayor my aim will be to create a fairer and healthier low carbon Torbay, where every voice counts, and put people before profits. Torbay desperately needs fresh progressive ideas that only the Green Party and a Green Mayor will deliver. Our support in Torbay has grown dramatically. Electing Greens here will be that strong voice for local people — fighting against cuts to services, working to improve our environment and **really** listening to residents.*

Elect Sam and Paula on May 5th

FAIR IS WORTH FIGHTING FOR
